## **ALL-IN-ONE HEALTH & WELLNESS PLATFORM WINS 'OUTSTANDING APP' GLOBAL BUSINESS EXCELLENCE AWARD**

A mobile solution that's helping tackle chronic disease by integrating fitness, health and wellness in one platform has taken out the 2022 Global Business Excellence Awards 'Outstanding App - Digital health & Wellness' category.

Founded by 2x Olympian Jeremy Rolleston, [Active8me](#) is helping address obesity, diabetes, and hypertension by equipping insurers, health providers and employers with integrated digital care programs to encourage healthy, active living for their employees and customers.

The Global Business Excellence Awards pride themselves on having a large panel of independent expert judges who select winners according to strict criteria for each category and sector, focusing on financial results, innovation, customer, employee, investor, and community benefits.

Commenting on Active8me, the winner in the Outstanding App category, the chairman of the judges said: "Active8me is a unique integrated fitness, health and wellness platform created by health experts that is producing real results."

"An amazing 95 per cent of the people on the weight loss pilot program achieved their desired goal and 85 percent of users reported improvements in their fitness and health. Active8me is a flexible app that allows customers to choose from a range of options including weight loss, fitness, or diabetes prevention.

"Congratulations to Active8me for mixing science with technology and inventing an app that combines the features of a personal trainer, dietician and life coach on one platform."

Active8me Founder Jeremy Rolleston said he was thrilled to win the Outstanding App Award.

"Active8me exists to make a difference in people's lives - in their real everyday lives. To empower and equip people to live healthy, active lives. Armed with this vision, we are purposely positioned at the intersection of health and technology, in order to provide a comprehensive, digital, scalable, mobile health and wellness solution with customised programs, developed by experts, that delivers localised content customised to users - at a time when preventative health is more important than ever," Rolleston said.

"The GBE Awards attract a wide range of entries from across the world, from large international PLCs and public sector organisations to dynamic and innovative SMEs. The winners all have one thing in common – so to be named among the winners is tremendous."

***See pages 2-6 for more information on the GBE Awards and about Active8me.***

## Notes for editors

### About the Global Business Excellence Awards

The Global Business Excellence Awards are open to private, public and third sector organisations of all sizes, based in any country around the world. Entrants to the Global Business Excellence Awards do not have to be operating globally to enter the awards, entries are judged against other entries from the same country. There are four rounds each year with quarterly deadlines being the last working day of February, May, August and November and winners for each round hold their title for twelve months.

The Global Business Excellence Awards are marketed and administered by Awards Intelligence the World's leading provider of business awards and personal honours services, providing news, information and support to progressive individuals and organisations across the world.

## ACTIVE8ME FACT SHEET

### ABOUT ACTIVE8ME AND ITS UNIQUE SOLUTION

Active8me is an integrated fitness, health and wellness platform built with passion and purpose by a team of passionate and credentialled health experts - Olympians, exercise physiologists, dieticians and doctors.

In a sea of many fitness and health-related apps, Active8me stands out as a one-stop integrated health and wellness solution that incorporates all aspects of healthy living. Based in science; leveraging technology; and utilizing a proven combination of exercise, nutrition, mindset, tracking and personalized coaching.

For the user it is easy to use. Simple. Convenient. Engaging. Like a personal trainer, dietician and life coach in your pocket. For insurance, corporate and health provider partners it provides a total

preventative health and wellness solution with digital care programs that customize to the user, and that can transform lives at scale.

Active8me is healthy, active living. Simplified. It stands at the intersection of health and technology, to provide a comprehensive, scalable, mobile health and wellness solution at a time when preventative health is important than ever.

### KEY FEATURES OF ACTIVE8ME

1. Total integrated all-in-one health and wellness solution – workouts, nutrition, mindset, tracking, coaching and more.
2. Scalable platform for insurers, health providers, employers and consumers
3. Built by a team of passionate and impressive health experts - Olympians, exercise physiologists, dieticians and doctors. All grounded in a behavioral science approach.
4. With a range of programmes to choose from – Lose Weight, Lean Fit & Toned, Running (10km, 21k, 42km), Diabetes Prevent, Post-Baby and Pregnancy.
5. Customized and tailored programmes – the app cleverly adjusts to user’s fitness level, nutrition preferences, goals, and where they choose to workout (at home, outdoors, gym).
6. For all adults, body types and fitness levels.
7. Accessible anytime, anywhere.
8. Like a personal trainer, dietician and life coach in your pocket - Active8me is perfect as an at-home solution which is significant given Covid restrictions and low gym membership rates in Asia. No expensive equipment or gym membership is necessary. Active8me is like a personal trainer, dietician and life coach in one convenient mobile app.
9. Great value - anyone can access the expertise behind the Active8me offering for a fraction of the price than it would cost if you wanted to see a dietician, hire a personal trainer and get access to an Olympian.
10. Built for Asians – with hundreds of healthy Asian recipes and tools for healthy eating out.
11. Diabetes Prevent Programme – Asia faces an epidemic of chronic disease including diabetes. Active8me provides a preventative digital solution to help address this issue.
12. Chat with an expert – users can ask unlimited questions to our experts via in-app chat.

## THE EXPERTS OF ACTIVE8ME

Backed by a team of experts, from former Olympians, to dietitians and doctors who are all renowned in their fields of fitness, health and nutrition, the highly credible content in *Active8me* has been thoroughly curated and updated for today's needs. Backed by science and decades of experience, users can trust the expert guidance and place their transformational journeys in capable guiding hands.

Everything about Active8me is designed to help you succeed – however you define success.

### THE ACTIVE8ME APPROACH – 4 KEY PILLARS AND MORE

The *Active8me* integrated mobile health solution comprises customized workouts, nutrition plans, mindset lessons, community bonding and tools to track progress - all in one app. The key sections are as follows:

**My Workout:** Daily workout plans developed by Olympians, exercise physiologists, and personal trainers with step-by-step instructions suited according to the user's program, level of experience and workout location choice. Users can choose to exercise at home, in the gym or outdoors and follow a workout video or a recommended workout plan.

**My Nutrition:** Daily healthy meal recipes (breakfast, lunch, snack, dinner) designed and curated by dieticians and catered to lifestyle and calorie preferences. The meal plans are nutritionally balanced, whole food dense, calorie-controlled and Asian-based.

**My Mindset:** Weekly mindset lessons with advice and lessons to motivate, challenge and shift thinking. They will push good intentions into action, break bad habits and empower one to make lasting changes.

**My Life:** Weekly life nudges to bring inspiration, perspective and a whole-life context. It brings a real-life, balanced, holistic view of life and health.

**Live Chat with a Coach:** Our professional nutrition and fitness experts will be there to support, guide and coach users every step of the way. Our unlimited Live Chat with a Coach ensures additional advice and encouragement is there when it's needed the most.

**My Progress & Tools:** Users can track their health and fitness progress. Calories, body weight (with before and after images), heart rate, sleep and activity are just some of the personal statistics and results that can be closely monitored.

**Community:** Users can connect with fellow members in the forums and interact with like-minded people in the programme who have similar goals, stories, backgrounds and aspirations. It is a space for encouragement, support and motivation from others along their individual journeys.

**Library & Resources:** Users can access more education and self-help tools including instructional videos and reading materials contributed by the Active8me team of experts.

**Jeremy Rolleston will be available for interviews.**
